

David Bedrick and Christina Nielsen

Saturday 19th and Sunday 20th September

The Healing Power of Illness

The Calling of our Body's Symptoms

Your symptoms and your deepest self are connected. Come and explore the intelligent role symptoms can play in guiding you on your life path.

This 2 day workshop will consist of:

- *Unfolding a symptom to reveal its message
- *The link between childhood dreams and body symptoms
- *Finding the guidance your symptoms are providing
- *Connecting with the creative powers of your symptoms
- *Living the energy and power of your symptoms
- *Hearing and living the song of your symptoms
- *Connecting symptoms, sound and the planet earth
- *Experiential inner work exercises

Bring your symptoms, dreams and an open heart to fully experience symptom shifts in your body. This workshop is suitable for healers of all disciplines and people interested in working with their own symptoms.
